

6301320 HOT RODS DYE KIT INSTRUCTIONS

EGG DECORATING INSTRUCTIONS

Preparation:

- Use cool hard-boiled eggs.
- Cover work area with newspaper or waxed paper.
- Fill cups or glasses with 1/2 cup warm water.

Egg Wrappits™: (ADULT SUPERVISION REQUIRED!)

For best results use hot water and large eggs.

- Slip the Egg Wrappits™ around a large hard-boiled egg that has had time to cool.
- Submerge the egg into the hot water using the wire egg dipper, metal tongs, or spoon. Allow the wrapped egg to cool before handling.

To Color Eggs:

- Place one tablet in 1/2 cup of warm water and add 3 tablespoons vinegar. Stir until dissolved. (For pink tablets use water only!)

Helpful Dye Hints:

- Add 1 tbsp. of water to container. Drop tablet in water for color confirmation.
- Add vinegar (tablet will dissolve quicker).
- Add remaining water to container.
- Place egg in container until desired shade is obtained. For brighter color, leave egg in container longer. Use egg dipper to remove colored egg. Drain well, set aside to dry. Allow egg to completely dry before decorating.

Hot Rods:

- Apply Car Wrappit™ to egg for instant Hot Rod or choose egg stands and apply stickers to create fun, tricked out Hot Rods.

See packaging for decorating ideas.

Allow refrigerated, colored eggs to dry before handling.

Condensation may cause colors to smear.

Caution: Children must be supervised.

This is a dye process. Colors may stain some fabrics.
