

6301312 ROLL IT DYE KIT INSTRUCTIONS

ROLL IT! EGG DECORATING INSTRUCTIONS

Preparations:

- Use cool, hard-boiled eggs.
- Cover work area with newspaper or waxed paper.
- Knead each packet of liquid dye thoroughly.
- Cut each coloring packet to form the easy-pour spout.

To Color Eggs:

- Pour one color into each section of the color dye tray.
- Use one sponge roller for each color. Dip and roll sponge into liquid color to coat sponge evenly. (Sponges can be rinsed with water to clean if necessary. Just squeeze out excess water before reapplying color.)
- Hold the egg in one hand or place on egg rings. Apply color to the egg by moving the roller back and forth on the egg. You can sponge paint by dabbing color onto the egg instead of rolling.
- Place eggs on egg rings and allow eggs to dry before handling.

DRYING TRAY INSTRUCTIONS

- Punch out perforated circles from back of box to create drying tray for colored eggs.

Caution: Children must be supervised.

This is a dye process. Colors may stain some fabrics.
